

THE BREW HOUSE

Your Craft. Your Beer.

The Brew House makes quality craft brewing simple!

The Brew House transforms the best barley, malt and hops into small batches of fresh wort by using traditional craft brewery methods. We then immediately package this wort, capturing all of its delicate aromas and flavours. No sugar, no concentrate, no extract. Just pure, fresh, unfermented beer.

Craft your favourite beer style today.

4-WEEK 15 L BEER KIT

AMERICAN PREMIUM LAGER

A relative newcomer, lager became common in the 19th century. Now it's the most popular beer around. This favorite is a refreshing, straw coloured lager with a subtle aroma.

Bitterness 8 IBU **Malts** Pale, flaked rice
OG 1.044 **Hops** Centennial
Color Straw, golden **Serve at** 7°C / 45°F

CREAM ALE

Cream ale was originally produced by American brewers in the 1800s. Our version is West Coast, with a darker colour and fuller flavours that will satisfy both ale and lager lovers.

Bitterness 22 IBU **Malts** Pale, Carastan
OG 1.048 **Hops** Northern
Color Copper Brewer
 UK Goldings
Serve at 12°C / 54°F

CERVEZA

Modelled after the classic beer of Mexico! Light-bodied, crisp and clean. Drop in a wedge of lime and let our Cerveza take you to a white sand beach overlooking the Pacific... Don't forget the sunblock!

Bitterness 10 IBU **Malts** Pale, flaked rice
OG 1.044 **Hops** Cluster
Color Straw, golden **Serve at** 7°C / 45°F

HONEY BLONDE ALE

This ale is gold in colour, with a soft, round palate and a touch of all-natural honey that creates a slightly sweet finish. Refreshingly smooth and full-bodied, it is a perfect beer for those who want the character of a fine lager combined with the taste and body of an ale.

Bitterness 10 IBU **Malts** Pale, honey
OG 1.045-1.047 **Hops** Hallertau -
Color Golden, Bittering &
 blonde Aroma
Serve at 9°C / 48°F

INDIA PALE ALE

India Pale Ale was developed in England to withstand the long journey to India during colonization. Our India Pale Ale has a copper/golden colour and medium aroma hops, with a slightly higher starting gravity and hop rates than our regular pale ale.

Bitterness 50 IBU **Malts** Pale, Munich,
OG 1.051-1.053 Cara-pils,
Color Dark golden, Carastan
 copper **Hops** Centennial-
 Bittering/
 Goldings-Aroma
Serve at 13°C / 55°F

LIGHT CANADIAN LAGER

Light Canadian Lager is a crisp, easy to drink beer with a lower alcohol level to bring out the freshness and aroma profile of a true to style all-grain beer.

Bitterness 12 IBU **Malts** Pale malt, Wheat
OG 1.043-1.045 malt and
Color Pale straw, Vienna malt
 Hops Centennial for
 bittering and
 Hallertau for
 aroma
Serve at 9°C / 48°F

MUNICH DARK LAGER

Since the mid-19th century, this dark beer has been brewed in the Bavarian city of Munich. Our version is characterized by a delicate sweet maltiness, and a toasted nutty flavour.

Bitterness 20 IBU **Malts** Pale, Munich,
OG 1.055 crystal wheat,
Color Dark brown chocolate
 Hops Perle
Serve at 9°C / 48°F

PALE ALE

A beer with roots in the English Midlands, pale ale dates back as far as 1780. Today, it is copied worldwide. Our version is crisp, amber-coloured and aromatic.

Bitterness 30 IBU **Malts** Pale, crystal,
OG 1.050 honey, carastan
Color Amber **Hops** Northern Brewer,
 Cascade
Serve at 12°C / 54°F

PILSNER

The original pilsner was brewed in the Czech Republic in 1842. Now, it is known for its generous quantities of hops. Our medium-bodied, golden pilsner is a clean, satisfying beer.

Bitterness 35 IBU **Malts** Pale, Cara-pils
OG 1.052 **Hops** Perle, Hallertau,
Color Pale to golden Saaz
Serve at 9°C / 48°F

PRAIRIE WHEAT

Brew House "Prairie Wheat" is a light, summer thirst-quencher filled with the distinctive, refreshing flavour of malted wheat. A Canadian version of the classic German wheat beer, it leans towards the "clean and crisp". Prairie Wheat will produce a light-bodied, clean brew, with a subtle hop character.

Bitterness 10 IBU **Malts** Wheat, Pale
OG 1.045-1.047 **Hops** Perle for
Color Straw, golden bittering and
 aroma
Serve at 7°C / 45°F

RED ALE

Stylistically positioned between a German Alt Beer and Oktoberfest, our red ale is copper red in colour. It has a pronounced crisp, malty character, with delicate hop bitterness and a pleasing floral aroma. Blessed with all of these thirst quenching attributes, this beer is sure to please!

Bitterness 18 IBU **Malts** Pale, crystal,
OG 1.050-1.052 Vienna and
Color Ruby red, chocolate
 copper **Hops** Centennial-
 Bittering /
 Cascade-Aroma
Serve at 12°C / 54°F

STOUT

Brewed since at least 1820, stout is Ireland's gift to beer lovers. Ours is dark and rich, with a bold roasted flavor, hint of chocolate and espresso-like finish. So smooth, you'll enjoy having more than one.

Bitterness 30 IBU **Malts** Pale, roasted
OG 1.044 barley, flaked
Color Black, opaque barley, black,
 crystal
Hops Northern Brewer
Serve at 13°C / 55°F

International Bitterness Units (IBUs):

A measurement of bitterness in beer. The lower the number, the less bitter the beer.

Original Gravity (OG):

A measurement of the wort's density before fermentation. Generally, higher OG leads to beers with higher alcohol.
